Just keeping you updated. This letter has been sent to Oregon to apprise them of EPA's decisionmaking basis and schedule on their coastal NPS program.

NWEA accepted our proposed approach which is to make a decision NLT January 30, 2015, and to give NWEA written bimonthly updates on progress.

Hi All,

See attached letter. I'll email copies to the addressees (who will get a paper copy too) and cc's. I'll also email Nina.

I assume that JB will take care of Nina's attorneys.

Anyone else who should get copies?

I think an e-mail from Jennifer to Paul would be fine for purposes of informing him what the "check-in" mechanism will be. In our letter, I believe we had proposed late July, late September, and late November. If conference calls are the preferred mechanism, it may be easier to schedule them all now.
